

THE BROOKMILL · PUB & KITCHEN

Weddings at The Brookmill

Your people, your party, your pub

A Victorian corner pub in St John's, Deptford. Yours for the day, with six boutique rooms upstairs for when the dancing's done.

W E L C O M E

The wedding that feels like you

Some couples want a stately home. Some want a marquee in a field. And some want the whole thing; the food, the band, the speeches, the last dance — in a proper London pub, surrounded by their favourite people, without a whiff of stuffiness.

That's us. The Brookmill is independent and locally owned, which means no packages forced on you and no rules for rules' sake. Tell us the day you're imagining and we'll build it around you — a sit-down wedding feast, a buffet and a band, a DJ until late, or all of the above across our different spaces at once.

We're a short walk from St John's station and Deptford Bridge DLR, the Hopper Room looks out over Brookmill Park, and there are six boutique hotel rooms upstairs so the couple and the closest guests can simply drift up to bed when the night winds down.

We'd love to show you around.

THE DAY, YOUR WAY

One pub, every kind of party

The best Brookmill weddings use the whole building. A seated meal in the Hopper Room while the bar hums downstairs. A buffet and karaoke upstairs with a disco below. Speeches with photos on the big screens, then everyone spilling into the garden. Mix the spaces however your day demands.

The Hopper Room

100 STANDING

65 SEATED

Our biggest space and best view, over Brookmill Park. Private bar, sound system, projector and 3m screen — perfect for the wedding breakfast, the speeches, and the photo slideshow.

COVERED & HEATED

Our garden seats 110 and the covered, heated courtyard keeps the party outdoors whatever the month — January weddings included, as one of our couples will happily tell you.

Take their word for it

“

We had a band playing downstairs while our older relatives sat down to a proper meal upstairs in the Hopper Room, and everyone else grazed the buffet — it just worked. We were fussy about the food, honestly, and they nailed every single request. Robbie could not have been more helpful; nothing was ever a problem. Half the party ended up chilling in the garden and nobody wanted to leave.

“

We got married in January and still had people outside all night — the covered garden with the heaters was a game-changer. DJ and disco downstairs, buffet, band and karaoke upstairs, and our photo album playing on the big screens during the speeches, which made them so special. Robbie was brilliant from the first meeting to the last song, endlessly accommodating, and it felt like the whole team wanted our day to be perfect as much as we did.

FOOD GLORIOUS FOOD

Feed them well

Every wedding gets a bespoke food and drink package built around what you actually want. Most couples land on one of two routes — or, like Debbie & Steve, both at once.

The Buffet

BOARDS FROM £19.50 · EACH SERVES 4

Sharing boards, easy and generous — perfect for a party that flows between spaces.

Meat Board — sliders, sausage rolls, chipolatas & BBQ wings

Fish Board — fishcakes, whitebait, haddock goujons, squid

Vegan Board — hummus, falafel, arancini, padrón peppers

Sweet Board — sticky toffee, brownies, cheesecake

Plus sandwich, kids' and fruit boards

The Sit Down (sample)

£29.50PP TWO COURSES · £38PP THREE

A proper wedding feast, still fun and delicious. A sample of the menu:

Grilled squid — chilli, lime and garlic

Bacon-wrapped stuffed chicken breast — fondant potatoes, tarragon sauce

Butternut squash & chickpea Wellington — (VGN)

Sticky toffee pudding — vanilla ice cream

Menus are a starting point — we're happy to build around your requests, allergies and dietary requirements.

AND SO TO BED

Stay where you celebrated

No taxis at midnight, no goodbyes cut short. We have six boutique en-suite rooms upstairs; Classic and Superior (with room for a cot or an extra single) so the two of you, and your nearest and dearest, can simply head up when the music stops.

Many couples take all six rooms as part of their day but it's your call: one for getting ready in the morning, the rest for family and friends who've travelled. Just mention rooms when you enquire and we'll talk you through options.

THE PRACTICAL BIT

Good to know

Booking & minimum spend

We'll happily hold a date provisionally. Your booking is confirmed on deposit and fully refundable up to 30 days before your event. A minimum spend applies for the Hopper Room or private use of the restaurant; send us your date and times and we'll share full details. We don't charge room hire unless the booking falls outside normal hours or the minimum spend isn't met.

Music & licence

Live bands can play until 10pm and recorded music until 11.30pm, so most couples run the band early and the DJ late.

Decor & entertainment

We can help arrange decor and entertainment, and there isn't much our team can't turn their hand to — screens for slideshows, space for karaoke, and a garden that works in January as well as July.

Service

A 12.5% service charge is added to your final food bill for group and event bookings. We think you'll agree the team's earned it — and if not, we'd genuinely like to know why.
